Club Policy on the taking of Photographic and Video Material

Parents and carers should not be prevented from taking pictures of, or filming, their children. These are normal family practices and help mark milestones in a child's life. The introduction of proportionate controls on the use of photographic equipment (cameras, and videos, including mobile phones) is part of general safeguarding good practice in a club.

- Photographs/images are not to be taken at matches or training without the prior permission of the parents/carers of the child. This permission can be given by proxy by the coach of each team only after parental consent for this has been granted.
- If no consent has been given for a child on the player profile form, then it is to be made known to the relevant person of the other team (e.g. coach/team manager) so the appropriate person/s taking photographs for the other team is/are aware and can avoid taking photographs of that particular child.
- The children should be informed that a person, other than a parent/guardian, will be taking photographs.
- The children should be informed that if they have concerns they can report these to the coach or team manager.
- Concerns regarding inappropriate, or intrusive, photography should be reported to the Club Welfare Officer (Jo Pemberton) and recorded in the same manner as any other child protection or safeguarding concern.

Using video as a coaching aid: There is no intention on the part of the ECB to prevent club coaches using video equipment as a legitimate coaching aid. However, players and parents/carers should be aware that this is part of the coaching programme, and material taken in connection with coaching, must be stored securely and deleted or destroyed when a parent requests this, or when the material is no longer needed.

The parents/carers and children must provide written consent for the use of photography and video analysis.
